+ - Injury Exemption

SWIM NOVA SCOTIA PROVINCIAL TEAM (PERFORMANCE TRACK) SELECTION CRITERIA

RATIONALE

Swim Nova Scotia will attempt to fund all eligible athletes. The following funding program is designed to afford Nova Scotia's Performance swimmers an advantage when it comes to financial support in the pursuit of their 'Performance Goals' and to serve as an incentive to performance. **The award is made as an investment in the swimmer's sporting future.** When it is accepted, the swimmer assumes specific responsibilities. These responsibilities are directly related to the swimmer's positive, professional demeanor in the attainment of performance swimming.

PURPOSE

The funding program serves as an incentive to swimmers who achieve significant and notable national rankings. Funds are intended to offset the inherent costs at the Performance level.

ABLE-BODIED PROVINCIAL TEAM SELECTION CRITERIA

For able-bodied swimmers, the swimmer's financial support is based on their absolute national lcm ranking in their top Olympic event or in the case where a swimmer's top ranking is a non-Olympic event, the average ranking between the swimmer's best Olympic and Non-Olympic events will be utilized. Only times posted in sanctioned competitions and posted on the swimrankings.net will be considered for selection. Performances must be achieved at the age of 13 years female / 14 years male or older.

PARA-SWIMMER PROVINCIAL TEAM SELECTION CRITERIA

For PARA-swimmers, the swimmer's financial support is based on their absolute national lcm ranking in Paralympic events as long as they rank in the top half of the entrants of the event being ranked. Performances must be achieved at the age of 13 years female / 14 years male or older.

COMPOSITION REVIEW

The team shall be reviewed for training and competition scheme twice a year (April 30 & Aug 31 – LCM results).

Swim Nova Scotia reserves the right to withhold financial support and/or funding if an athlete's training situation is not acceptable, cannot be verified, or changes.
